

VILLAGE OF PEOTONE

BUILDING PERMIT

REMODELING APPLICATION PACKET

BUILDING PERMITS

Do I need a permit? Some of the activities that do not require a building permit: the installation of doors or windows when openings are not enlarged, landscaping, exterior painting and interior painting and paneling, repair or replacement of fixed appliances, and private service walks. If there are any questions, call the Village Hall at 708-258-3279.

To improve service to our residents, the Village is making information on building permits available in a downloadable format. Please select the information for your specific project.

PLEASE REMEMBER:

1. Except for roofing, siding, or walks, exterior projects require submittal of a Plat of Survey. The Plat must be to scale and show all existing structures to scale. Proposed projects must be drawn to scale on the Plat. Do not mark on your original Plat of Survey. If you do not have extra copies, we will make one for you.
2. The nature or character of the project may require additional documentation.
3. All contractors must be registered with the village. Roofers, plumbers, and lawn irrigation installers must provide proof of a valid Illinois state license. Download Contractor Registration packet in Document Center.

As remodeling projects vary widely in scope, complete the applications with the contractors you think applicable. The Building Administrator will contact you for any additional information required. Some remodeling projects may require plans stamped by an Illinois registered architect.
